Tips :

**1- When you rent a sound system, evaluate :**

- the number of guests
- if you'll need to play music on
- if you'll need microphones
  - ❖ *throat mic (wireless or cable)*
  - ❖ *hand mic (wireless or cable)*
  - ❖ *wireless headset microphone*
- Usually, to have sound, you must have a CD player, a microphone and speakers (2).

**2- When you rent a projection system, evaluate :**

- the number of guests (to determine screen dimension)
- the input (laptop or DVD player)
- front or back projection
- if you need a screen
- if you need a remote control
- if you need a sound system for your presentation
- the room's type (lighted or not)
