

Electronic vote system

If you want to stimulate or create a discussion or interaction, the **electronic vote system** is the perfect tool for you.

Different possibilities for you :

1 remote control per person **OR** 1 remote control per team
Your questions **OR** general knowledge questions
See the answer in general (%) **OR** individually

Why should you use this system? To create interactivity and make sure that everybody participate!
Our system is an incredible tool. It keeps your crowd interested.

You can know what your crowd THINKS.

This system may be useful for a presentation, a convention, a lecture **OR** for games!

You can ask any type of questions (Standard, Multiple choices, Comparison)
